Sir,

/p 9 ante

Reference:- Government Memorandum No. 13222-1 D iii P.H. dated 11-4-30.

With reference to my proposals for utilising the savings of Rs. 2320/- consequent on the provincialisation of the Local Fund Dispensary at Harpanahalli, the opening of two rural dispensaries at Tambrahalli and Ittigi were sanctioned in paragraph 2 of G.O. No. Mis. 210 P.H. dated 22-1-29, with Government subsidy towards the salaries of Medical Practitioners. It naturally followed that the cost of medicines required for each of them at Rs. 360/- per annum should be met from the above savings. Yet it was remarked in paragraph 3 of the G.O. that- "In view of its bad financial condition, the Board is also permitted as a special case to utilise the savings referred to in paragraph 1 above to the extent of Rs. 720/- to meet the cost of medicines required for these two dispensaries." The significance of this remark was not apparent to me if it simply meant that a sum of Rs. 720/- should be spent to meet the cost of medicines required for these dispensaries and the balance for the purposes specified in para(4) of the G.O., as I do not see how there could be any relief afforded by this arrangement to

to the Taluk Board owing to its bad financial condition. Consequently, I believed that the Government have been pleased to restrict as a special case the utilisation of ~~Rxx~~ only Rs.720/- for medicines required for these two dispensaries out of the savings of Rs.2320/- allowing the balance to be spent for General purposes.

2. Further, I have the honour to submit that paragraps(4) of the G.O. does not contain explicit orders for utilising the balance of the savings. It runs as follows:- "" As regards the Boards proposal to open two more dispensaries at Arsikeri and Teligi the Government have no objection to it provided that the balance of the savings is sufficient for the purpose. If it is found insufficient the number of dispensaries to be opened should be reduced" and etc. Under the circumstances stated in the latter portion of para (1) supra, the above remarks were considered to be only suggestions for adoption if funds permit.

3. This is one of the most backward parts of the District in point of education and sanitation. Almost every village stands in need of a well. New wells have been provided in some with the aid of Government subsidies sanctioned in the past few years. If the above savings of Rs.1600/- is set apart for Medical relief I regret to point out that facilities to meet the Boards share of the cost of well works will be very few and the establishment in elementary schools will have to be curtailed. I request therefore that the sum of Rs.1600/- may be permitted to be utilised for the above purposes as a special case.

I have the honour to be,

Sir,

Your most obedient servant,

The action of the President in having diverted the savings of Rs.1600/- for purposes other than medical relief without obtaining the previous sanction of the Government was irregular. He is requested to explain at a very early date the circumstances under which the diversion was made contrary to the orders of Government in para 4 of G.O.No.210 P.H., dated 22-1-29.

(V) Please see G.O No 210 PH dated 22.1.24 and the notes connected therewith. It will be seen that in view of its bad finances the Harpanahalli TB Bd was permitted to utilize out of its savings accruing to it as a result of the provincialization of its medical institutions Rs 720/- towards the cost of medicines required for opening two dispensaries in its area in addition to the one already opened by it and that it was at the same time asked to utilize the balance of the savings viz Rs 1600 in opening one or more additional dispensaries.

pp7-8 of (V)

2. The Bd reported that out of the savings of Rs 2320/- the Bd had utilized only Rs. 720/- ~~towards~~ towards the cost of medicines required for the two dispensaries and spent the balance of Rs 1,600/- for general purposes under namely, cost of establishment in elementary

p 6 of

schools and improvement of rural water-supply. While pointing out the irregularity in having diverted the savings for purposes other than medical relief the Pt was asked to explain the circumstances under which the diversion was made contrary to the orders in G.O. No. 210. PH. dated 22-1-29. The Pt in reply gives an interpretation to paras 3 and 4 of the above G.O. which is not in conformity with the condition subject to which the L.F Hospital at Harpanahalli was provincialized - vide paras 1 & 2 of pp 12 & 13 of. Submitted that the orders in the above G.O. are ~~disputed~~ clear and the construction placed on them by the Pt cannot be accepted.

3. Now that the Bd have utilized the balance of savings for purposes other than medical relief up to 1929-30 its action may be condoned and it may be asked to take early steps to open ~~one~~ rural dispensaries out of the balance of the savings for the year 1930-31. The balance of savings available is Rs. 1600/- per annum and the cost of opening and maintaining a rural dispensary is Rs 1160/- Thus only one dispensary can be opened out of the above amount leaving a balance of Rs 440. It is for orders whether the Bd may be asked to open atleast one rural dispensary now.

In G.O No 210 PH. dated 22.1.29 the Govt sanctioned the opening by the Harpanahalli Tkbd in its area of two rural allopathic dispensaries under the scheme outlined in G.O. No 1522 P.H. dated 22.10.24 In view of its ~~bad~~ poor financial condition the Bd was also permitted as a special case to utilize the savings consequent on the provincialization of the L.F dispensary at Harpanahalli to the

extent of Rs 720/- to meet the cost of medicines required for the two dispensaries. It was at the same time asked to utilize the balance of the savings in opening one or more rural dispensaries.

2. The Pt. ~~has~~ now reported that the Bd had utilized the balance of savings for general purposes, namely the cost of establishment in elementary schools and improvement of water-supply. The action of the Bd. was contrary to the condition subject to which its hospital was taken over by the Govt. and it was therefore irregular. The Govt however condone the action of the Bd. Pp 12-13 Cf.

3. The Tk. Bd. is now requested to take immediate steps ~~to open~~ in consultation with the D.M.O. to open at least one rural dispensary out of the balance of the savings and to submit through the S.G. proposals for
